

# Directions to Linearizer Technology

## From Morristown, NJ

Take I 287 South to the Sommerville Circle and follow signs for Route 206 South to Princeton. In Princeton the road will come to a "T" intersection and 206 continues to the right. Follow Route 206 to I 95 and take it North (follow the cloverleaf to the right). I 95 North becomes I 295 South as it crosses Route 1. The first exit after crossing Route 1 is Sloan Ave. and you will get off for Sloan Ave. Eastbound (exit 65A).

Proceed East on Sloan Ave to the second traffic light, Quakerbridge Rd, and turn left. Pass the big tree in the middle of the road and the traffic light. Make the next left onto Nami Lane.

Linearizer Technology is located in the second complex on the left, in Quakerbridge Business Park, Unit C-9.
